

## Mexican Rebels in an Alliance with German Reservists to Make War on United States

## FORCES OF OREGON AND VILLA COALESCE.

Strategists from the Kaiser's Armies to Direct Their Operations.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
EL PASO (Tex.) April 2.—Pancho Villa bandits and the forces of Gen. Alvaro Obregon jointly make war upon the United States under an agreement made with agents of the German government, according to persistent reports reaching the border from interior Mexico today. Overthrow of the Carranza civil government, which is declared to be pledged to a neutral position in case of war between the United States and Germany, is, according to the reports, to be followed by a merging of the military forces of Mexico with the revolutionary forces of Villa, Zapata and Domingo Arrieta, in waging war on the United States, with German officers directing operations and German reservists aiding. Germans throughout all Mexico are organizing military forces and are receiving encouragement from Mexican military leaders, the reports say.

**GERMAN AGENTS.**  
German agents, through the use of large sums of money, have, according to private reports from Chihuahua City, brought about an alliance of Villistas and the Obregon military factions in Northern Mexico, represented by Gen. Francisco Murguia and Jose Carlos Murguia. Reports that Villa has been paid German money to withdraw his forces from the vicinity of Chihuahua City to San Andres were brought here today by men in close touch with the Villista element. Through reputable men from Chihuahua City it was learned today that an agreement has been made by Villa and Murguia to suspend hostilities against each other. Instead Villa and Murguia forces are to be held for orders from Gen. Obregon and are to co-operate with the Obregon faction in case of war between the United States and Germany. Obregon is understood by Northern Mexican leaders to be strongly pro-German and is expected to use the military forces of Mexico against the United States.

**TO OVERTHROW CARRANZA.**  
The overthrow of Carranza, unless he at once agrees to the pro-German programme, is a part of the programme suggested by German agents and agreed to by the Mexican military faction according to the report. In Northern Mexico, Villa forces will be under the immediate command of Villa, it is claimed, and will be supplied with money and supplies from the Mexican West Coast by German agents who have gathered large quantities of ammunition and supplies at several West Coast cities.

In Juarez Germans, believed to be agents of the German government, have been for several days mingling with Carranza military officers and, according to Mexicans friendly to Carranza, have been spending money freely on the Mexican commanders. Carranza sympathizers in Juarez declared today that a truce between Villa and Murguia forces will mean a revolt against Carranza authority, and they claim Murguia will not be able to turn the army against Carranza.

## INTERNAL DISSENSIONS DISRUPTING MEXICO.

Civil and Military Groups Each Seek Support of Carranza—German Influence Reported Active Among Army Element—Tuition General Said to be Organizing Force to Harass Border States.

[BY A. P. DAY WIRE.]  
LAREDO (Tex.) April 2.—Internal politics, used as a lever in an effort to regulate Mexico's course in international affairs, have brought about a situation of the most gravity in this republic, according to travelers just arrived from the Mexican capital. These travelers say the Constitutional party, now holding the reins of government, is divided into a so-called "civil" group and a military party embracing many of the chief officers of the army. Tremendous pressure is being brought to bear on Gen. Carranza by each party, but the President-elect, so far, has not definitely aligned himself with the policy of either, although it is known he desires to curb the undisciplined activities of the military, according to the recent arrival.

**PARTY BOUGHT NEUTRALITY.**  
The civil party, these men say, was strongly opposed to any alliance with Germany against the United States and is standing firm for a policy of neutrality in the event of the entry of the United States into the European conflict. The military party, according to these stories, is strongly pro-German and advocates the entry of Mexico into hostilities against its northern neighbor with all that such entry implies.

The reports brought from Mexico City assert that German influence and money have been active among certain of the military party and that certain members have in contemplation and preparation plans for an extra active invasion of the border States after the United States has been grafted into making the first hostile move. It is also asserted that these plans contemplate the dominating of the United States by the use of the oil wells in the Tampico district, from which the large part of the British naval fuel supply is drawn.

**REPORT GERMAN RECRUITING.**  
The story has been brought to the border that Gen. Maximilian Klaus, German-Mexican commander, has begun the recruiting of a brigade of 3000 Germans whose duty it will be to force hostilities with the United States in Chihuahua and Sonora. Klaus now is believed to be in Guadalupe.

It is alleged by the travelers that they were informed before leaving Mexico City that sixteen generals, closely allied with Gen. Obregon, Minister of War, called on Carranza and demanded that he withdraw his support from the civil faction, stating that if he did not do so they would cease to support his administration.

## JURY CONVICTS CONSPIRATORS.

SIX GERMANS FOUND GUILTY ON FEDERAL CHARGE.

Plot to Destroy Entente Vessels by Placing Time Bombs Aboard in Port—Sentence to be Pronounced Friday—One Awaits Trial, One is Fugitive.

[BY A. P. NIGHT WIRE.]  
NEW YORK, April 2.—Six Germans were convicted by a jury in the Federal District Court here today of conspiracy to destroy steamships carrying food and munitions from this port for the Entente allies by means of incendiary bombs. The jury found guilty are Capt. Charles von Kleist of Hoboken, a chemist; Karl Schmidt, chief engineer of the German steamship Friedrich Krueger; Ernst Becker, Frederick K. R. B. de, Wilhelm Parades and George Pradel, all assistant engineers of the same vessel. The jury was out fifty minutes.

**HEAR SENTENCE FRIDAY.**  
The six men will be sentenced Friday. The maximum punishment for each is five years in prison. Capt. Otto Wolfert, pier superintendent of the Atlas line, and Capt. Eno Bode, pier superintendent of the German line, were jointly indicted with those convicted, have not yet been tried. Dr. Walter E. Scheele, also indicted, for whom the defendants testified they manufactured the bombs, fled when Federal agents a year ago unearthed the plot, and is believed to be in Mexico.

**THE CRIME.**  
The conspiracy of which the defendants are convicted is said by the government authorities to have been responsible for the sinking of two vessels and cargoes in 1915 worth upward of \$4,000,000. Dr. Scheele known as the "chemical professor," operated, according to the testimony, an "agricultural laboratory" in New Jersey where bomb cases, manufactured by the Friedrich Krueger steamship engineer, called at the National Palace to see Gen. Carranza regarding these editorials, and when told it was impossible for Carranza to see him, then is said to have loudly denounced the civil party and the position of Luis Carranza, Finance Minister, whom he designated as the tool of the United States.

Hill, it is said, then left and immediately ordered the suppression of these outside troops. All troops in the capital are under command of Obregon and Hill, but outside the city, within reaching distance, are other troops under Pablo Gonzalez, who, with certain other military chiefs, it is believed, are loyal to Carranza and would support him in the event of any break with the military party. According to the stories brought here, Carranza has ordered a million cartridges issued to these outside troops.

**TROOPS DIVIDED.**  
According to one story told, Carranza on his return to Mexico from Washington, was met by the evidence of the influence exercised by Germany on certain Mexican leaders and proof of the disbursement of funds by Germany to gain her ends.

It is asserted that men in close touch with official circles are authority for the statement that the pressure brought to bear upon Pablo Gonzalez, formerly Minister of Finance, by the military party, was brought about by Carranza last week. The military men, it is said, attempted to induce Gonzalez to declare that the improvement was noticeable immediately the new government took control.

## LIBERATED PEOPLE UNITED IN POLICY.

[BY ATLANTIC CABLE AND A. P.]  
PETROGRAD, April 1 (via London, news, April 2, 6:40 a.m.)—Charles II. Byington, president of the American-Russian Chamber of Commerce, who arrived here today after a journey across Siberia, said that the revolution has been greeted with enthusiasm and that the improvement was noticeable immediately the new government took control.

## PROMISING BILL WINS IN SENATE REHEARING.

Wet Forces Rely on the Assembly to Halt Its Enactment.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
SACRAMENTO, April 2.—The wet forces down for the count in both houses today, just at the time their supporters were boasting that both the Assembly and the Senate were "dripping wet" while the Senate was reconsidering the bill, the Assembly waked up and passed an amendment to the "day of rest" bill, which provides that all saloons shall be closed on Sunday.

For the first time the weight of the grape lobby managed to fall. Two Senators from wine districts, Stuckenberg of San Joaquin and Purkitt of Alameda, returned this morning from a visit to the home folks over Sunday with the announcement that the sentiment in their districts was overwhelmingly in favor of the anti-saloon bill. This caught the liquor men wholly off their guard. The bill, which was beaten in the Senate last Wednesday, the wine men seemed to be reconciled to the result and the liquor men seemed to be reconciled to the result and the liquor men seemed to be reconciled to the result.

**ROMINGER SPEAKS.**  
Rominger made a strong argument for his bill in the closing address. He said it was not a newspaper bill, but a measure to protect the public health and to reduce crime and poverty in California. He accepted support from the women and young people, but he said it was a measure which aims honestly to give a bigger, cleaner, better country.

**LYON ASKS RECONSIDERATION.**  
Senator Lyon of Los Angeles changed his vote from "No" to "Aye" and gave notice of reconsideration. This gave the bill twenty-three votes. From one vote necessary to secure its passage. The lines are so closely drawn now, however, that no one expects the reconsideration asked by the "wets." Its chief advantage will be that it will delay by two or three days the time when the bill will be reported to the Assembly.

Speculation is rife tonight as to what the Assembly will do with the bill. It has been regarded as "wet" by about seven votes; but in voting on the "day of rest" bill the Assembly voted seven to five in favor of the "dry" side. The Assembly is expected to vote on the "day of rest" bill tomorrow.

## TAFT ASSERTS SOUTH IS READY FOR WAR.

[BY A. P. DAY WIRE.]  
NEW YORK, April 2.—William Howard Taft, returning to New York today after what he said was the longest journey he has ever made, asserted that the people of the South and Southwest are ready for war, and that the United States must enter the conflict "wholeheartedly."

Mr. Taft spoke in eleven cities in nine States, from Virginia to Missouri, in behalf of the programme of the League to Enforce Peace, and urged the necessity of preparation for war.

Unless the war continues a year longer, he said, the United States will be in a position to fight with anybody else.

## ADVANCING BRITISH APPROACH ST. QUENTIN.

[BY ATLANTIC CABLE AND A. P.]  
LONDON, April 2, 9:25 p.m.—Their latest gains have brought the British troops to within two miles of St. Quentin, says the official report from the headquarters of St. Quentin, several more villages have been occupied by the British, including Francilly-Senely, Holnon and Selency.

## RUSH SWAMPS FLAG MAKERS.

Great Demand for Colors Puts Factories Far Behind Orders.

[BY A. P. NIGHT WIRE.]  
NEW YORK, April 2.—Unprecedented demands for American flags of all sizes have swamped flag-makers with orders far beyond their capacity, inquiry among local manufacturers here revealed today. The calls in the last forty-eight hours, it was said, have put the flag factories three to five days behind their orders. One firm said that from its three factories, working with augmented forces, about 2,000,000 flags are being turned out each week. A fourth factory, it announced, had just been opened to handle a \$100,000 government order for flags for various branches of the national military and civil service. From the men public, it was said, the greatest demand is for button flags.

## WILSON SPENDS WATCHFUL DAY.

MESSAGE READY, EXECUTIVE AWAITED CONGRESS.

Spent Morning on Golf Links and Made Short Calls on Secretary Lansing and Mr. Daniels—Senate Ways and Means Committee Studies War Finance.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
WASHINGTON BUREAU OF THE TIMES, April 2.—President Wilson's day before he delivered his war address was one of impatient waiting. After sending word to Democratic leaders in Congress that he wished to deliver his message before night, the President remained in his study throughout almost the entire afternoon waiting word of the House organization.

About 3:30 o'clock Representative Claude Kitchin, Democratic floor leader in the House, called Secretary Daniels on the telephone and suggested that the President set 8 o'clock tonight as the hour to appear before a joint session. The President was notified of the delay in the House by the French Ambassador, who had been in the White House since the morning.

**SUNK NEAR ISLE OFF BREAST.**  
[BY ATLANTIC CABLE AND A. P.]  
PARIS, April 2.—The American steamer Aztec has been sunk by a submarine near an island off Brest. Some of the crew were rescued and are being brought into Brest. A number of the men are missing and little hope is held that they can be saved, as the steamer was torpedoed at night while a heavy sea was running.

## ALLEGED AGITATORS SOON TO BE TRIED.

[BY A. P. NIGHT WIRE.]

Martin, indicted a year ago by a Federal grand jury on charges of being German spies, will begin on April 16, it was announced today. They will plead tomorrow. The three were jointly indicted with Frank Rintelen, a German agent, and a German agent, Frank Buchanan, David Lamar and others. Their trial has been delayed by the departure of the German agent, Frank Buchanan, and motions for bills of particulars.

## ENGLAND AND ALLIES WELCOME OUR HERO.

Interest in the War Itself Second to News from Washington.

[BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.]  
LONDON, April 2.—All England, and the people of the Allied countries as well, is prepared to welcome the United States into the war against the common Prussian enemy. Interest in the steady gains and splendid fighting on the western front is momentarily secondary to the development of the determination of President Wilson to join with almost all the Allies in the civilized world against the Prussian monster.

## Aztec Sunk.

(Continued from First Page.)

French patrol boat Sirius after three hours. Eleven men are thought to have been drowned when the first boat to put off was smashed. A third boat, containing the second officer and eighteen men, is not directly accounted for, but the fact that only eleven are reported missing leads to the belief that it must have been picked up.

The Admiralty report said the Aztec, bound from New York to Havre, was torpedoed without warning yesterday off Ouessant, the torpedo struck squarely amidships, emitting a powerful sea and putting the wireless out of commission.

Officials said the disaster would not affect the policy of arming ships, which will be continued in the most efficient manner possible. Secretary Daniels declined to make public the list of naval officers and gunners who manned the five-inch guns placed fore and aft on the Aztec. Late tonight, after hearing of the French Admiralty dispatch indicating that all the members of the naval guard were safe, Secretary Daniels made public the names of the crew.

**CONSIDERING TAXES.**  
Different means of raising money are under consideration, one of them being to heavily tax incomes of the rich on a sliding scale basis. The White House was literally flooded by thousands of letters and telegrams from all parts of the country, a great majority of which promised support of the people in whatever course the President deemed necessary toward Germany. These telegrams finally grew to such proportions that it was impossible to take care of all of them and great stacks remain yet to be looked over by the clerks.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
WASHINGTON BUREAU OF THE TIMES, April 2.—Congress went to bed tonight to President Wilson's message. When it wakes tomorrow it will be the purpose of declaring war on Germany just as soon as the opinion of a few men can be overruled. The one man from whom the greatest opposition is expected is Senator La Follette of Wisconsin, one of his chief assistants in the Senate is Senator Gronna of North Dakota.

Members of the House or the Senate who have long favored Germany in co-operation with the Allies, it was a surprise, to find that they were not in the majority. The President's address was a great surprise to those who were not in favor of war at all. It was a terrible prospect of former views. It is the opinion of the great majority of members and Senators that the country now is in for it. It is a most serious step.

# The new Congress is in the Mood to Declare War.

## ONLY A FEW OPPOSED TO AGGRESSIVE ACTION.

Follette and Gronna Expected to Hold Out to the Last.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON, April 2.—The new Congress is expected to be in session tonight to vote on President Wilson's message.

England is ready and willing to co-operate fully with the United States in the war in any way possible and is glad to make available the great mass of resources not only in the United States but also in England.

Opinion in general and editorial comment in that the last hope of Prussia and the last hope of Germany are spelled its early doom, and only on account of the additional strength exerted, but the moral effect, disheartening the subjects of the Kaiser who are already showing the signs of disaffection.

posed to war and have done what I could to avert it. Even within a few days I have sought to dissuade the President from recommending it, although it has been in vain. His address contains revelations of facts which he has heretofore kept from the public, but which he was forced to consider in reluctantly reaching his conclusion that the German government by its acts has forced a state of war upon us.

"War is now inevitable and the only question is whether the country will go into it strong and undivided or divided and crippled. Under these circumstances I must stand for strength and unity. I cannot justify a vote against war which would indicate a divided country. There will be few vain votes against it in each House and I do not criticize those who cast them, but I shall stand by the President who has tried so long to preserve peace and who only now abandons it because he finds it impossible."

Senator Duggan of South Dakota said: "It was a strong, vigorous and thoroughly American statement of the situation and the facts in the case."

Congressman Fred Britten of Chicago said: "I am glad to see that the President will no longer choose to submit. For the past three years his course has been nothing but submission. His endorsement of universal compulsory military training, which he calls universal liability for military service, is a most important step and meets with my hearty endorsement. It is one of the most important steps he has taken since he has been President."

Senator Townsend of Michigan said: "I did not see how the President could have avoided recommending to Congress that it declare a state of war with Germany and the United States. As to the rest of his message, which seemed to urge that this country should not be drawn into the kind of governments which shall exist in other nations, I wish to see and read it and consider it carefully before expressing my opinion."

PEACE RESOLUTIONS  
WASHINGTON, April 2.—A bill requesting President Wilson to convey his suggestion to the belligerents for a termination of the war was introduced today by Representative London of New York.

The preamble declared desire to show the severance of relations with Germany and to hope that a new peace would now receive a more active hearing and would strike a chord with all democratic elements throughout the world.

WASHINGTON, April 2.—The President covered the bill thoroughly.

Michigan, Michigan: I took the whole thing at its face. My original idea was that we should go to war to defend American rights, but where they have been taken away, we would probably have to go to the full course. There is no message here which we are going to start with.

Wisconsin: I am not going to say tonight. I am not going to say tonight. I am not going to say tonight.

Michigan, Michigan: I am not going to say tonight. I am not going to say tonight. I am not going to say tonight.

Universal Training, Army and Academy Appropriations and Resolutions that Permanent Peace Must Rest on Free Government are Among First Offerings—Suffrage and Prohibition Amendments are Presented.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 2.—National defense war measures and bills for patriotic purposes predominated in the great number of bills introduced today in Congress.

One of the first was by Representative Kahn of California to provide for universal military training for men between 18 and 25.

Materially amended to make it effective in promptly raising armed forces, Senator Chamberlain, chairman of the Senate Military Committee, virtually completed his universal compulsory military training bill.

The chief change provides for registration and training this year of men between 20 and 22. In subsequent years men of 21, 22 and 23 would be subject to training upon call of the President.

The most important changes in his new bill, Senator Chamberlain said, are:

"In 1917 those 20 years of age, and in 1918 those 21 years of age, and in 1919 those 22 years of age, and in 1920 those 23 years of age, and in 1921 those 24 years of age, and in 1922 those 25 years **To Send East**

A cosy California home, with big roomy porch and numerous windows to let the warm sunshine in. Only a miniature, of course, but it makes the heart long for a nest in the sunshine land.

And there's a wonderful surprise concealed beneath its broad sloping roof. Here cosily snuggles a box of the incomparable Jevne's Chocolates Supreme.

What more delightful remembrance of California could you send those dear to you!

Come in with the names of those you wish to delight. We attend to every detail—forwarding the Bungalow filled with Jevne's delicious Dollar a Pound Chocolates anywhere in the United States, all charges prepaid by us, for \$5.00.

Ferrell, who is married and has two children, according to his own statements, denied using violence, but admitted his love for Miss Heisel, detective say.

# THE CITY CAMPAIGN IN FULL BLAST.

## EVENTS BRIEFLY TOLD

**Candidates Formally Opening Great Spring Drive.**

Former residents of Brooklyn, Iowa, will hold their annual picnic, Thursday at Echo Park.

"Pamper Play" Lecture.

The Passion Play of Oberammergau, a reproduction of the story and pictures by Dr. Harvey Hadlock, under the auspices of the Temple Baptist Church, in Berman Hall, Temple Auditorium, at 7:45 o'clock this evening.

The Norwegian-Danish Lodge 1199 will hold a banquet tonight, in the Flower Auditorium, 1199 Flower and Flower streets. There will be a program of entertainment and the women in national costumes will serve refreshments. The affair is open to the public.

Housewives to Meet.

Subjects of pertinent appeal in this era of soaring food prices, including the proposed food storage law now before the Legislature and the State and city market systems, will be discussed at a meeting of the Housewives' League at 1 o'clock Thursday afternoon in Blanchard Hall.

The Woman's Aid Society of Immanuel Presbyterian Church will meet this forenoon at 10:30 o'clock in the church, 7400 and 7410 streets. At the programme hour Miss Ruth E. Hamilton of Alhambra will give Italian sketches, "The Bombardment," and a reading, "The Bombardment."

Mrs. Lucille M. Wilson, a noted educator of the Middle West, is here to spend several months and possibly to make her home in Pasadena. She was for a number of years superintendent of schools of Des Moines, Iowa, and for more than twenty years has conducted a private school for young ladies in Chicago, known as the Stevens School. Her present address, No. 416 South Euclid avenue, Pasadena.

Departmental conferences will be conducted by the Los Angeles graded union of Sunday-school workers in Berman Hall, Temple Auditorium, tomorrow morning at 9:15 o'clock. Miss Bram, national field secretary for temperance, under the Presbyterian board, will discuss "Scientific Teaching During the 'Teen Years.'" The Eastern message will be the subject of the superintendent's conference. The executive meeting will be held after lunch.

The national intercollegiate debate between the college of law, University of Southern California, and the University of Wisconsin will be held at the Trinity Auditorium this evening at 8 o'clock. Each team will be composed of three men and the question will be: "Resolved, that the use of lockouts on public utilities and coal mines should be prohibited prior to the investigation of the merits of the dispute by a permanent board." The college of law, University of Southern California, won the championship from Columbia last year.

**PLEAD NOT GUILTY.**

Trial of Former Officers of Home Builders is Set for October.

With the understanding that they should have two weeks if they so desire, within which to file a motion for a bill of particulars, the following defendants, all former officers and directors of the Home Builders, pleaded not guilty in the United States District Judge Bledsoe's court yesterday: W. B. Judson, Joy A. Green, H. W. Peterson, H. C. Galloppe and S. H. Garrett. The case has been set for hearing October 14.

**TO APPOINTMENT FINES.**

A double-barreled fine evidently has the Prado postoffice establishment in its grasp. Some time ago the postmaster, Oscar B. Aldridge, was summoned to the Board of Supervisors by Deputy Counsel Faries yesterday. The law provided that this money shall be distributed quarterly among the municipalities according to population, but that some shall be distributed to cities which enforce motor regulations different from the State. The question in which census should be regarded. Only a court decision, Mr. Faries advised the board, could safeguard the county in making a distribution of the fund.

**J. L. STANTON SERIOUSLY ILL.**

Halfway Man Who Went to Claim Body of Self-Slain Daughter Stricken.

J. L. Stanton, Rock Island passenger agent in this city, is seriously ill in Cincinnati, where he went to claim the body of his daughter, Miss Ethel Stanton, known as the "perfect love" pact victim of a double suicide at a Portsmouth, N. H., cafe. An indefinite postponement of the probate of the dead girl's will and of the shipment to Los Angeles of Miss Stanton's remains for burial are results of this.

Since arriving in Cincinnati last Wednesday, Mr. Stanton has been confined to his room at the Gibson House. A number of the supposed beneficiaries are there from Arkansas, West Virginia, and other States to hear the will read, as it is reported it will reveal certain surprises as regards the disposition of the \$100,000 or more worth of property involved of the estate of the young woman's late stepfather, T. R. Butler, millionaire ketchup king.

Judge C. T. Malheur, executor of Miss Stanton's estate and reported important beneficiary, last night declined to discuss Mr. Stanton's condition except to say that it was very serious.

Two camps will be held at Santa Barbara, from June 2 to July 1 and from July 7 to August 5. HAS FINE RECORD.**

Police Chief Butler Reaches His Sixteenth Year of Service in Department and His Useful Record on the Force is Recalled.

Sixteen years ago last night Chief of Police Butler entered the police department as a patrolman on the night watch. He was the one hundredth patrolman on the police force. At that time the district around First and Los Angeles streets was known as the meanest section of any city on the Pacific Coast. Prior to Butler's enrollment an average of only ten arrests a month were made in that section. Chief Butler, at that time Patrolman Butler, started to clean it up.

During his first month he made 174 arrests. For several months thereafter he arrested on an average of seventy-five men per month and in less than six months he had cleaned up the neighborhood.

He has been chief for six months. During his years in the police department he has maintained a high record for efficiency as an officer. He was for eight years and a half in command of the traffic bureau of the department.

direction of Capt. Heath and Drillmaster Brown. Both are acting under orders from Chief Butler.

The names of men who have enrolled in the Home Guard and have had military training are being tabulated. Each division commander will be given a list of the names of the trained men in his division, and he will detail these to command minor groups of the less experienced members of the guard.

The detectives of the police department were yesterday placed on twelve-hour shifts. The men will report hereafter for duty at the usual hours, and will report on duty at the appointed time. Immediately thereafter they will go to their respective stations, for a reserve watch of four hours.

The signals for the calling of the Home Guard are to be a general flashing on and off of all home and street lights and blowing of steam whistles. The whistles will blow two three-minute blasts with a one-minute interval. Immediately upon noticing such signals, members of the Home Guard are instructed to carry with them whatever arms and ammunition they may have and to report to the commanders of their respective divisions at mobilization points.

BY THE STAFF.

They're off at Washington.

How are your sweet peas doing?

"Tramp, tramp, tramp, the boys are marching."

What's your hurry, Bill?

But here is your hat!

All streets lead to Washington this afternoon.

Right after morning prayers, breakfast, clean your gun.

Uncle Sam is getting ready to move over and get a place in the sun.

"Bang, bang!" the time of the day when the women from Montana are out.

Frederic T. Woodman appears to be the right timber for Mayor Woodman.

Hang out the flag! No real American ought to be afraid of the flag's colors!

Judging by the rush at the recruiting office, there must be a marked-down sale advertisement.

The Turkish forces are now in the direction of Hill. A Turkish has been missing since.

What was the name of the man who shot President Wilson sent to Mexico to get? We recall it did not get him.

Between reading the war news, the latest fashion hints, the papers ought to be a good stuff this week.

The worst should come, but Wilson might indulge in the fact that he would take his Christmas dinner in Berlin.

The delivery of his address to the American Congress yesterday as an audience. Some of the all the Constitution follows in the newly-acquired West Islands, to be known as the Islands, under American rule?

A debate the question, "Is that a better business than mine?" was affirmative. Another victory for the box.

Merchants are getting into the zone. It may be a zone. It may be a zone. It may be a zone.

By not elect Sam Compton, the job should be to elect a man who control them, and will do the patriotic duty of all schedules. They will wait and watch developments.

The echo of President Wilson in Fleet street, Linden and Navy Street, in the dog of Congress.

was thought there was a fine political work in the campaign, but that looks like 20 cents in the election of the clever man, or the election of a president.

Compton is hard to see. He claims that the decision of the United States Supreme Court law was on a particular "reactionary" decision, and Mexico. Will the significance of the institution?

shifting of Gen. Lee from the Eastern Department to that of the Southern Department when he sees him, seems to be a critic of the situation he must be put to rest.

There was an epidemic of mad dogs in the city. A number of school pupils, and the alliment were sent to the girl was told by her father that she thought she had been told by her father.

TIGERS OPEN IN SAN FRANCISCO.

CHIEF JOHNSON TO PITCH IN FIRST GAME.

Wolverton Picks Red Oldham to Baffle the Vernon Suggs.

Calvo, Schaller and Fitzgerald to Form Outfield—Fence Moved Back at New Recreation Park.

San Francisco Bureau of THE TIMES, April 2.—To the blare of brass, the 1917 season of the Coast League will be blasted open tomorrow at New Recreation Park, in the presence of San Francisco's beauty and chivalry, and the long race of seven months will be on.

The new park is larger than the old one, so that it will take a real drive to clear the right field fence, and that will make baseball more attractive than it has been for several seasons past.

The indications are that every seat in the park will be occupied tomorrow, and that will make baseball more attractive than it has been for several seasons past.

That was a memorable occasion—the entrance of our fair city into the new park, which was in 1914 Oakland gave the Angels an awful trouncing.

And when Los Angeles entered the league as the baby member, it was the Oaks who spanked us.

PACIFIC COAST BASEBALL SEASON SETS SAIL TODAY.

Oaks and Angels to Mingle in First Clash of the Year.

High-class Parade Scheduled to Give Local Athletes a Fitting Sendoff—Mayor Woodman will Pitch the Fatal Ball—Teams on Edge for the Fight.

BY HARRY A. WILLIAMS.

Washington Park at 12:15 o'clock, and by degrees pass through the principal downtown streets, while thousands stand on the curb and rubber. The parade will tie up at the City Hall long enough to take on the Mayor and other officials.

There are so many patriotic airs to be played that it will require the services of three brass bands—one from Ocean Park, the Venice Italian band and the Schenemann-Blanchard band. There also will be a number of handsome floats. However, those having no floats, will be equally welcome, as the parade is a free-for-all. Loyal bugs are invited to couple the parade with the parade.

THE COMBAT PROPER will start at 2:30 o'clock. Venice and Ocean Park have combined their population for the occasion, and will participate in a body. A large delegation headed by Ward McFadden, Jim Morley and Big Henry have reserved a section of the grand stand in the rear of first base so as to see Gus Gleichmann glitter in a Los Angeles uniform.

TO OPEN GAME. Mayor Woodman is to open the game in one way or another. The patriotic plan to have him emulate William Tell and shoot a potato over the head of the first Oakland batter with a Springfield rifle has been giving up because of the scarcity of potatoes. Instead, the Mayor may be asked to throw a hand grenade from the pitcher's box to the plate. As he has good control it is not believed that he will "bean" the batter.

As Billy Jordan once said, "Let 'er go!"

DARCY-SMITH FIGHT IS PRACTICALLY OFF.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) NEW ORLEANS, April 2.—Domick Tortorich tonight announced that the Les Darcy and Jeff Smith fight, set for April 22 here, was practically off, since Darcy wanted to dictate new terms for the mill, including the right to name the referee.

When Darcy's demands were received Smith was communicated with and he also wanted to make additional demands.

"I will make one more attempt to bring the men together tomorrow," said Tortorich, "but do not think I will succeed."

Leading lawyers asked as to Darcy's status if the United States went to war with Germany on the side of the Allies, declared that he could be forced into the British army at once and sent to England without any formality. This would keep him from fighting.

NORTHERNERS EXPECTED TO GIVE LOCALS A RACE.

International Diving Champion, Balbach, Causes Excitement and Discussion in Southern Banks. Billy Williams in Great Shape to Trim the Stanford Expert.

Los Angeles Athletic Club swimmers are all agog over the coming Stanford meet. This battle royal materializes Friday evening at the club and the northerners are slated to make the locals go through some terrific circles to win.

The Cardinals are credited with having a team of genuine class and merit. They are not on speaking terms with the Bears as far as real speed is concerned and the California aggregation fails to furnish them even with good preliminary practice.

The Cards claim that they are going to redeem the lost prestige of the north and trounce the L.A.A.C. in decisive terms.

NOT WORRIED. Although the L.A.A.C. team expects some strenuous competition, it is not at all worried about the outcome of the meet. With such notables as Goodman, Sylvester, Kilburn, Buck, Sternberg, Henry, Lyon, Vint and Burns in the line-up there seems to be small room for loss of sleep.

The one young man who is causing the most excitement is Balbach, ex-international diving champion. He is in great shape at the present time and will make Billy Williams exert himself as never before to win. Balbach is not only a perfect diver as far as form is concerned but he has all the difficult jumps right at his finger tips.

Williams has been training more and more this week and expects to give the northern marvel a red-hot reception.

HE'S GOOD. Goldsmith is one of the chief Stanford hopes and is being counted on to win the fifty-yard dash and turn a terrific lap in the relay. Goldsmith hardly ever fails to get well and will make Billy Williams exert himself as never before to win. Balbach is not only a perfect diver as far as form is concerned but he has all the difficult jumps right at his finger tips.

Following are the entries in the various events:

ENTRIES. The 50-yard dash—A. Penniman (S.), Goldsmith (S.), Goodman (L.A.A.C.), Kilburn (L.A.A.C.).

BRODIE READY FOR MORTON GO

Headline Event at Doyle's has Speedy Look.

McManus and Davis Anxious to Swing on Each Other.

Willie Hunefeld is Sensation of Preliminaries.

BY WARDE FOWLER.

Jack Doyle's fight palace will respond to the blows of Herb Brodie and Puggy Morton this evening. These two experts have been slated for the main event of the weekly boxing card, and promise to fill the bill completely. Brodie is an ex-sailor, with a reputation for knocking everybody dead that gets in his way. Puggy Morton is an ex-newsboy; the introduction is sufficient.

NOTHING AT ALL. Four or five years ago Herb Brodie didn't know any more about fighting than a clam stranded on the beach at low tide. But he became possessed with a desire to join the navy, and soon had his name on an entry blank. A few days after announcing he decided to get in the military band and take a swing at a trombone or something.

After expressing this desire he was cleared by the bandmaster, a big red-headed gent who looked about as tough as a cord tire. "If you want to get in this band," growled this guy, "you'll have to be a fighter. Every musician in this outfit is a high-grade pugilist, and that's the only kind we take. Now what have you got to say?"

SURE DEATH. Brodie calmly looked the band over and announced that he thought he could lick anybody in the crowd without trouble. About one hundred men were in the band, and they all took a jump at him. The leader was first, however, and declared that Brodie was his meat. A spasm of cleared in the center of the floor, practice was called off for the evening, and a ring was fixed up. Brodie and the bandmaster went to it.

"When he finished with me," said Brodie, "there wasn't enough of me left in a single piece to tell the story. That red-headed guy simply tossed me around the floor until he was exhausted. I didn't even get one good swat."

FAIR ENOUGH. "After the slaughter was over he held me by the back of the neck and me that I certainly had craved, and gave me a job. But it was weeks before I could do the honors on the business end of a trombone."

Puggy Morton claims that this bandmaster is nothing compared to himself. Some way or other he has a hunch that he is going to lick Brodie and the dopest can't talk him out of it.

Morton is a fast boy and has demonstrated his class in several high-class exhibitions in the local arena. He is a skilful fighter and has shown a tendency to use his head to a greater or less extent. His style is a serviceable weapon and is often used to deadly advantage.

The semi-windup promises to give the main event a awful run for its money. Al McManus and Martin Davis will endeavor to crack each other on the jaw in a regular old-time slugfest. Davis is far and away the better slugger of the two and will do some terrible damage to the lighter man if he succeeds in landing a few blows. McManus has one advantage. He is very quick and can stay away from the hard in-fight punches with disagreeable regularity. Al has a mean left and is depending on it to make Davis step out of the running.

## HERCULEAN JOB FOR TRIBUNALS.

Mass of Long Beach Disaster Cases Unconsolidated.

All Set for Two Dates; Each may Occupy Weeks.

Means Years of Legal Labor if Programme Holds.

The county will be in for a vacation time when the 187 Long Beach damage cases, growing out of the Empire Day disaster of 1915, come before the courts July 16 and August 6. Presiding Judge Houser yesterday set all the cases for those dates. Nine of them will be consolidated, but none of these covers damages for death. City Attorney Hoopendyl of Long Beach would not consent to try consolidated death cases, but he stated he would consent to trying those covering injuries. This means, if only a portion of the suits are consolidated, that the courts will be trying Long Beach cases for several years.

City Attorney Hoopendyl would not agree to try the cases on the question of damages alone, although the Supreme Court held recently that the city of Long Beach was liable. If the cases are consolidated along the line, none of them will be concluded under three weeks.

Presiding Judge Houser set the jury cases for Judge McCormick's department, July 16, and the non-jury cases for Judge McCormick's department, August 6. The attorneys could not agree on the proposition to have three judges sitting en banc to try the cases without a jury. Some insisted on juries while others wanted none.

The prospects, therefore, for crowding the courts to the limit are very bright. The 187 suits involve damages aggregating \$2,000,000. One or more courts are bound to be taken up with the trials of Long Beach's record-breaking litigation. This means other litigants will have to wait indefinitely until a department can be found to try their suits, although Judge Houser is optimistic. He believes that when the time comes and it is seen years must elapse before some of the suits can be tried, there will be a general consolidation of the non-death actions, at least.

PROHIBITION WANTS RID OF "BEVERAGE" STOCK.

W. T. Boob Alleges He and Associates Bought Shares on Representation Fruit Juice was not Intoxicating, and Found it Too Headly—Salesman Denies Charges.

A suit for a rescission of a contract, on trial before Judge Wilbur, has for a plaintiff one W. T. Boob. As a strong advocate of prohibition, Mr. Boob testified, he invested in stock of the California Fruit Beverage Company, thinking thereby to advance the cause of prohibition by furnishing a substitute for alcoholic drinks.

He was shocked and chagrined, it appears, when, as he alleges, he learned that the company, compounded, manufactured by the company, contained from 10 to 25 per cent. alcohol and that the extract first made contains 80 per cent. pure alcohol. He said it was represented to him that the compound had a ready sale in dry states. In connection with T. J. Deffernoy, he bought 1772 shares of the stock, the agreement being that they should pay \$2000 each and turn over a lot. They ask for a rescission of the contract on the ground that fraud was practiced by Sidney F. Lee, in the alleged representation that the compound was a strictly non-alcoholic drink.

The defendant, Mr. Lee, who is alleged to have sold them the stock, will put in his case today, denying that he is making or shipping into dry states, alcoholic drinks, disguised as fruit juice. When sold for consumption, it will be contended, the alcoholic percentage is very small and not enough to make any one tipsy unless an enormous quantity is consumed.

OFFICIAL BULLETIN.  
Monthly Publication Begun by Public Service Commission.

Public Service is the name of the bulletin to be issued monthly by the Public Service Commission, and which made its first appearance yesterday. Its purpose is declared to be to acquaint every resident of Los Angeles with the plans of management and methods of operation of the publicly-owned utilities. The first article is a page of questions and answers pertaining to the city and the water rights and supply, prepared by President Del Valle.

WOMAN HOLDS HER TONGUE.

As French Government Can't Find Complaint and Action is Dropped.

On account of the inability of the government to locate the wife of John L. Whitehead, who is the complaining witness in a charge lodged against him of violation of the Mann white slave act, United States District Judge Hedges yesterday ordered that he be released on his own recognizance. It is probable that the prosecution will be dropped. A sister of Mrs. Whitehead was arrested and held in the County Jail, on a charge that she was concealing the witness, but the government was compelled to let her go, as she refused to talk.

## SMALL CAVE-IN ON ESPEE LINE.

Tehachapi Tunnel Supports Broken as Freight Cars Leave Track.

Some supports in the Tehachapi tunnel on the Southern Pacific valley line were knocked out last evening when a freight train left the tracks. This caused a small cave-in and in consequence all through business is being stopped by way of the Coast line. Passengers on local trains are being detoured by automobile over the mountain.

The accident occurred at a point between Tehachapi and Marcel. It was stated last night that it will probably take all today to repair the damage. When the timber supports were broken off by the cars a portion of the roof collapsed letting in dirt from the mountain. It will require some hours to clear this away and put in new supports.

AOTRESS GIVES UP HUSBAND TO ANOTHER WOMAN.

Spouse Having Committed Bigamy, She, Though Loving Him, Agrees to Divorce, Marries Second Man, and is Released on Probation and Child Saved from Being Son of Convict.

The sacrifice of an actress to save her little boy from being the son of a convict, was rewarded yesterday when Superior Judge Craig placed Clyde Blake on probation for five years after he had pleaded guilty to the charge of bigamy.

Blake was married several years ago to Miss Hazel Scottina, an actress, and a son was born. Mrs. Blake and her husband separated, and she cared for the boy. Recently Blake married Miss Ethel Rounsheimer. Shortly afterward he was arrested on a charge of bigamy. It was shown that he and Mrs. Scottina Blake had not been divorced.

When Mrs. Blake No. 1 was informed of her husband's predicament she determined to aid him in clearing himself so his son might not suffer reflected disgrace. It was suggested if she divorced Blake she might assist him. At the time she said she loved Blake above all other men, and did not wish to divorce him.

Later she sacrificed her own feelings by deliberately alienating her son forever from the man of her heart.

Commissioned officers will not draw county salaries, as their pay will be in the service will be ample to protect their families.

Son Wins First Round of Battle in Court to Secure Accounting of Business on a Partnership Basis—Expert will go Over Books.

A court battle between father and son over an alleged partnership has resulted so far in Judge Taft holding that the property used for \$150,000, had been acquired under a partnership arrangement, and in granting the son for an accounting. The first victory rested with Earle L. Roberts, the son, who brought the suit, claiming a partnership interest. John Roberts, the father, contended there was no partnership between them and that the son with a wife and one or more children should be entitled to half the profits arising from their contracting business.

An expert accountant will go over the books of the company and ascertain to what degree father and son shared in the partnership profits. Judge Taft ordered father and son would bury the hatchet and be again on an affectionate terms as existed during their business association.

MERCHANT BANKRUPT.  
John T. Bill, doing business as John T. Bill & Co., a merchant of this city, filed a petition in bankruptcy in the United States District Court yesterday. His debts amount to \$41,694.41, of which \$28,327.11 is secured, and \$20,138.51 unsecured. The assets are scheduled as follows: The principal item being real estate valued at \$24,500; stock in trade, \$10,500, and debts due on open book account, \$12,144.9.

MISTAKEN IDENTITY.  
Through the mistake of a commercial photographer, The Times yesterday morning published pictures of Mr. and Mrs. Alfred Hertz, the former the well-known conductor of the San Francisco Symphony Orchestra, the latter known to the music lovers of two continents under her maiden name of Lily Dorn, as those of the Baron and Baroness de Ropp. The mistake, though regretted by The Times, is one that doubtless will amuse, rather than offend, members of two of the best known families on the Pacific Coast.

CONTEST DEVELOPS ON "MOVIE" ISSUE.

SHALL UNATTENDED CHILDREN VISIT FILM THEATERS?

Proposed Prohibitive Ordinance is Subject of Debate Before City Council—Legislative Body Delays All Action on the Measure Until Next Thursday.

Arguments for and against the proposed ordinance which would prohibit children under 16 years of age attending the "movies" unless accompanied by guardian, parent or other qualified person, were made before the Council yesterday. Among those asking for a modification of the measure were former Councilman Topham, C. R. Gates and Frank A. McDonald. Those opposing any change in the ordinance were Mrs. E. K. Foster, Mrs. Thomas J. Atchley, Mrs. J. B. Stearns and others. The Council delayed action until next Thursday.

Politics is the Charge.  
When the United Improvement Federation yesterday notified the Council of its intention to circulate an initiative petition for the creation of a municipal fish market, to be owned and operated by the city, Councilman Wheeler declared the movement was started by a few politicians who are candidates for the Council and have done it for political effect.

City Hall Briefs.  
The city treasury yesterday contained \$5,527,521, according to a report by Treasurer Powell to the Council.

A new flag was hung on the wall back of President Betkouski's chair in the Council chamber yesterday and when the Councilmen appeared for the daily session, each saluted "Old Glory."

Otto E. Emme, the genial clerk in the office of Police Judge White, was yesterday reappointed for a term of four years. The whole of his appointment was given the Council.

The City Attorney was instructed to prepare an ordinance fixing a cemetery zone in the San Fernando Valley, as petitioned for by J. W. Miles and others.

FOR A DRY BEACH.  
About 200 Methodist ministers of Southern California, in session at the First Methodist Church yesterday, adopted resolutions of support for the present "intense campaign for the prohibition of the liquor traffic from Santa Monica."

It was stated that "the whole of Southern California is vitally and specially interested in Santa Monica being dry, or according to the number of people from our whole section who desire to go there."

At the Courthouse.  
YOUNG MR. CANFIELD FINALLY PAYS UP.

FACED ALTERNATIVE OF JAIL OR CASH SETTLEMENT.

Troubles of Oil Man's Son with Ostensible Income of Fifty Thousand a Year and Real One of One Hundred and Fifty a Month, are Told Again in Court.

It cost Charles Orville Canfield, son of the late oil magnate, Charles A. Canfield, \$1000 in Judge Wood's court yesterday to escape going to jail for contempt of court. The money was paid by cashier's check drawn against \$50,000 a year, the trust fund Mr. Canfield is entitled to, but which, he told the court yesterday, is in name only, as all but \$150 a month is paid out to meet various court litigation.

Mr. Canfield owed the money to his former wife, now Mrs. Rita Jefferette Baetz, in back alimony. Judge Wood, at a hearing, March 26, declared that if the money was not forthcoming, Mr. Canfield would have to go to jail. The alternative was a sad one, as Mr. Canfield stated the trust fund is not in his control. The court felt sure, however, the money could be raised.

The trouble over the alimony was due to a difference of opinion between father and mother as to whether or not the children should remain with the mother, as she desired. The further fact that Mrs. Canfield had remarried and was not therefore entitled to support also complicated matters.

SHIFTS LAWYERS.  
When Attorney Charles R. McCarty moved, in Judge Wood's court yesterday, to be substituted as the attorney for Mrs. Canfield, Mr. McCarty, looking around the courtroom and failing to observe Mr. Roser, replied: "Evidently there is not."

"Granted," ordered Judge Wood. Mr. Roser, who is the Socialist candidate for Mayor, filed the original suit for divorce for Mrs. Hunt, who alleges non-support. Mrs. Hunt is a member of the wealthy family which has the pearl diving concession in Lower California. Her husband is Lawrence W. Hunt.

OPPOSE PROBATION.  
BOYETT IS ARRAIGNED.  
Ancel Boyett, the catamant of the counting-room in the Bank of Italy, who pounced upon every dollar he could steal and squandered it in gaming and other folly, was arraigned before Superior Judge Craig yesterday on a charge of grand larceny and embezzlement. He was given until April 5 in which to enter his plea.

Efforts which are in progress to make an appeal for probation in Boyett's case are meeting with stern resistance.

IN AND OUT ABOUT THE COURTHOUSE.  
CLOSER HOUSE.  
An injunction granted by Judge Wilbur yesterday closes the Nebraska rooming-house at No. 704 East Fifth street, under the Redlight Abatement Act.

Maria Le Doux, tenant, is directed not to operate any other rooming-house in the county in the manner in which the Nebraska house was alleged to have been conducted. Mrs. Le Doux contended that the house had been properly conducted and that the number of but police officers gave other testimony.

DAMAGES AWARDED. E. E. Sherrard yesterday was given judgment for \$850 against William Winder by Judge Sherk for injuries received in a collision between his automobile and the automobile driven by Mr. Winder. The accident happened at Sixth and Vermont avenue, March 10, 1916.

## JITNEY SURETY IS UNDER FIRE.

Utilities Board Reports on Insurance Concern.

Writes Millions for Busses on Little Capital?

Council Decides that More Inquiry is Needed.

An important question relating to public carriers came up before the Council yesterday when an attempt was made to have it approved of one of the bonding companies which has been writing insurance for jitney-bus owners in this city. Whether a company with paid in capital of only \$25,000 can give proper security to those engaged in the business of carrying passengers through the streets is the main point at issue and the Council referred the matter back to the Board of Public Utilities for further investigation.

The board recently reported to the Council that one of the insurance companies, which has done a large portion of the business with the jitney-bus owners, has a capital stock of \$25,000, while the amount of insurance carried in Los Angeles alone is about \$4,500,000. Its total business in the State is said to be nearly \$14,000,000.

"Street railways are amply secured against damages by their physical valuation while jitney-bus owners as a rule have nothing behind them but their little cars," said those who are opposed to approving the insurance company.

"If there should be a big accident in Los Angeles, in which two or three jitney busses crash, the damages might far exceed the capital in the company. As a result the citizens are not secured."

POSTMASTER DIES.  
S. Donaghy, postmaster at Universal City, was found dead in bed yesterday morning, having passed away in the night. Mr. Donaghy had been ill for some time and had been in the office ever since its establishment, about two years ago. Mrs. S. M. Sigler was designated to take charge of the affairs of the office, pending other arrangements.

CASE DISMISSED. Charges against Simon Gorich, involving the holding up and robbing of George Yulisch in Belvedere, December 21, were dismissed in Superior Judge Willis's court yesterday. The court held there was not sufficient evidence to warrant the prosecution.

## Insurance Against Business Disaster

A "Living Trust" will insure your estate and protect your family against yourself and anything that can happen to you.

Today you may be at the height of your mental and physical powers. Your mind is alert, your senses keen, your strength unimpaired. The road into the future stretches straight before you in the domains of success, prosperity and the respect of men.

Rightfully you repose the utmost confidence in your own abilities. Apparently your position is secure. It seems that no storms of adversity can possibly touch you.

But there is always some chance of your miscalculation and failure. Many a man in a position as sound as yours has brought the works of years tumbling about him, by one single error in judgment.

And many a man, buried deep beneath the ruins, has never been able to set himself up again.

But any man, according to his means, can insure comfort and happiness for his family in spite of business disaster. How?

By creating a "Living Trust" with a responsible, State-supervised Trust Company. As much or as little of your property—money, stocks, bonds, real estate—as you wish to put aside may be turned over to a Trust Company, to be held by it in trust, on terms dictated by yourself. This property can be made safe against any difficulties that may beset your business affairs. It will stand between your dependents and want. The cost is small. Talk it over with the Trust Officer of any Trust Company.
